

Q4 2025: Did you know? The GLTaC 2026 Rate Reduction Announcement

Enhanced Value, Unwavering Excellence

Dear Valued Partners and Future Collaborators,

We're thrilled to begin 2026 with news that reflects our commitment to both our trusted partners and those considering joining the GLTaC family: **effective January 5th, 2026, we're reducing rates across all languages for our Human Translation (HT) services by 3%, along with lowered Minimum Fees and Rush Request Fees.**

Your Voice Drives Our Evolution

For our existing partners, this enhancement stems directly from your valuable feedback. Through strategic efficiencies, thoughtful optimizations, and strengthened collaborations with our exceptional linguists throughout 2025, we've achieved operational improvements that we're proud to pass on to you.

Beyond the 3% rate reduction, you'll benefit from **reduced minimum fees, expanded discounts on repetitions and fuzzy matches, and lower per-word translation rates**, all designed to make our premium services more accessible to your entire client base.

Where Precision Meets Partnership

We remain committed to keeping Rush and Minimum Fees as accessible as possible while maintaining the uncompromising standards your critical work demands. For Safety Data Sheets and other translations where accuracy can literally be a matter of safety, we believe human expertise remains essential, particularly when compared to AI or machine translation alternatives that may not meet the exacting standards your industry requires.

Our promise to you remains steadfast: to deliver the most accurate, regulatory-compliant, and technically precise translations, backed by our Six Sigma quality commitment and ISO 9001:2015 certification. Whether you're exploring AI-enhanced workflows and need expert human review, or you prefer the gold standard of Certified Human Translation, we're here as your trusted partner every step of the way.

Looking Ahead Together

Our vision extends beyond maintaining the strong relationships we've built, we're excited to welcome new partners while upholding the outstanding quality and service that define the GLTaC experience. Your insights drive our continual improvement; a commitment reflected in our certifications and our dedication to excellence.

We hope this rate reduction provides an encouraging start to your New Year, and we're genuinely excited to continue and begin partnerships that will flourish for many years to come.

With warm regards and appreciation,

The GLTaC Team
